### EMERGENCY COOKIES to fit in a 750g Paul Newman's Pasta Sauce bottle

1 cup plain flour  
1 tsp baking powder  
1 tsp bicarb soda  
pinch salt  
1 cup oats

1/3 cup M&Ms or choc bits (more would be better if you're feeling generous - can also add nuts to the chocolate if you want to)

2 tbsp cocoa  
1/2 cup brown sugar  
1/3 cup white sugar

Pack it all down in layers (if there's space I'd add more nuts or M&M's if you have them).

When you're ready to cook, mix all the dry ingredients together in a large bowl. Then add combined wet ingredients:

1 egg (lightly beaten)  
125g butter (almost melted)  
1 tsp vanilla

Once it's all combined, roll into balls about 1 tbsp each, leaving room for spacing, and bake on baking paper covered trays at 180°C for about 12-15 mins.

You might need 2 trays because one jar makes about 30 cookies.
